Respected Madam,
My sincere thanks to you and the teaching faculty for ensuring our children get quality education despite all odds. Indeed such high commitment level is due to your untiring efforts and fantastic leadership. Heartiest congratulations for being chosen as the best Principal. Interaction with Rajat Shaw Sir was so interesting and gave everybody the opportunity to unwind, learn from a very talented person. Soumya Sir as usual was brilliant. Manoj Sir also mesmerized us with his amazing dancing skills. Milan Sir's dedicated teaching is really inspiring the children to move away from Television and play actual sports. I wish they could have more of his classes. Kudos to all the subject teachers for their patience and for overcoming all the challenges that this pandemic situation has created. Anita Maam and Arpita Maam have ensured both my children and everyone in the class overcome their shortcomings. Thanks once again to you and all members of AIS family.

I am mother of Sanchari Pore, 6 D.

I am very pleased about you. Your teaching process is nice, catchable.

Thank you

Dear Teacher

Hope the entire AIS family is safe and healthy. It took time to write, but I just wanted to "Thank you" Teachers for the efforts which you are giving to shape my child's future. In this "new normal" situation it is only you who is continuously doing your work with a smile on your face. Shresth Singh (xi commerce) is also happy with his studies, of course he is missing those school days. But with a smile he includes Neeraj sir's effort, Seema mam's instructions and all the teachers effort to make the studies smooth.

Once again thank you. If doctors are saving the lives teachers are shaping the minds.

S. Singh.

Dear Indrani Madam,

Warm Greetings of the Day!!

I would take this opportunity to really appreciate the holistic development of all kids at Asian International School. It's a great platform for talents of today to become leaders of tomorrow.

Coming from Haridwar and being nurtured amidst a serene and hilly, serious disciplined educational environment, I was really concerned about Anubhav's education in Kolkata.

I think Anubhav is in good hands under really great teachers.

I would like to highlight upon a point that if classes can be relaxed during Class tests/period terms exams, that might be a stress buster for these young minds and revitalize them to give the best.

Really appreciate the teachings in the form of blessings under your kind leadership Mam.

**Also would thank Arpan, admission head for his all time support for admission and any help at all times over phone from Haridwar also.

Kind regards,

Good evening ma'am,

Sorry for disturbing you at this hour but we couldn't resist. We feel really fortunate to have got the opportunity to be a part of the council group. Although I will be saying all of this tomorrow as well, I don't find it sufficient. This experience is something we all will cherish throughout our lives. Each day we have got to learn something new. There are many things which we were not able to comprehend then and have realised now. Every time we left your office after a conversation, be it of few minutes, we brought along wisdom. This is the last day of our tenure and tomorrow we will be handing over our positions and responsibilities, and before that we wanted to convey that we are gratified for this journey ma'am.

Thank You!

The Council Group (2019-2020)

Respected ma'am,

My daughter Srijita Bhuniye is a student of your renowned institution. She studies in class X-A. Since the beginning of online classes I have been witnessing that she has got no problems while learning in this pandemic. The new methods opted by the school and teachers are very helpful.

I would wish Asian International School keeps this pace.

Thanking you

Dear Madam,

I am parent of "Sharanya chattopadhyay" studying in class V, sec. B. I must appreciate your effort to start online classes and my ward is attending regularly those classes. But, without books, the study is too difficult for the children. Even teachers do not have the pdf image of the books to share it with the students.

This is my earnest request to you to arrange the distribution of all the text books or the pdf image of all books so that students can study at home in this lockdown period. Hoping your positive action on this matter

Yours Truly,

Subhamay Chattopadhyay

Respected Ma'am,

I hope this mail finds you in good health.

I am glad to inform you that I have got admission in Amity University for BCA program.

It gives me great pleasure that with yours and my teachers blessings I have managed to get 25% scholarship.

Thank you for giving us a beautiful schooling which we shall cherish for our lifetime.
