Notice for Project Work

Dear Parents

This is to bring to your kind attention that the Project work for classes V to X, across all the Academic Subjects for Term I of Session 2020-21 has been uploaded on ERP and Website.

Project Topics have been assigned to ensure that children are occupied positively with a little assistance from parents.

Students may submit the completed project work in the first week of reopening the School, which in turn completely depends upon the directives from Government.

Should there be any query you may kindly place it by writing a mail at principal@aisedu.org.

Looking forward to your kind cooperation.

Thanking you.

Yours sincerely

Principal
